

CHART OF DISCIPLINE/ SYLLABUS

1. Study Program Data

1.1 High Education Institution	“VICTOR BABEȘ” UNIVERSITY OF MEDICINE AND PHARMACY OF TIMIȘOARA
1.2 Faculty	MEDICINE
1.3 Department	XVI
1.4 Study Domain	MEDICINE
1.5 Cycle Studies	Bachelor
1.6 Study programme/ Qualification	Medicine

2. Course Data

2.1. Course/Department	Introduction to narrative medicine. Illness and discourse							
2.2 Course tutor	Assoc. Prof. PhD Daniela Șilindean							
2.3 Practical activity tutors	-							
2.4. Year of study	II	2.5 Semester	II	2.6 Assessment	Colloquy	2.7 Course rank	Content Mandatory /Compulsory	DC DFA

3. Duration/Estimated Time (number of hours/ semester of teaching activity)

3.1 Number of hours/ week	1	3.2 lecture/course	1	3.3 laboratory	-
3.4 Total hours of curriculum	14	3.5 lecture/course	14	3.6 laboratory	-
Time distribution for course activities					hours
Study support- manuals, lectures, references and notes					3
Additional documentation – library, dedicated platforms from domain					3
Documentation for seminars/ practical activity/ projects, themes, portfolios and essays					4
Tutoring					
Assessment					1
Other activities					
3.7 Total number of hours for individual study	10				
3.8 Total number of hours per semester	25				
3.9 Number of credits	1				

4. Preconditions (if applicable and requested)

4.1 Courses- studied curriculum / rules for attending the course	Basic notions of medical communication
--	--

5. Condition (if applicable and requested)

5.1 Courses	Course room, audio-video devices, laptop
5.2 Laboratory/practical activity/ project	-

6. Key competencies and basic skills

Professional Competencies	<p>Student will be able</p> <ol style="list-style-type: none"> 1. to analyze different types of discourse connected to illness; 2. to understand patient's perspective (description of the illness and of the pathological experience); 3. to cultivate the feeling of empathy; 4. to tackle with an empathic response such topics as frailty, vulnerability and exposure; 5. to perceive the uniqueness of the pathological experience of the patient; 6. to understand patient's perspective in what ICE are related to illness and treatment; 7. to cultivate active listening; 8. to be familiar with the principles of narrative medicine.
Transversal Competencies	<ol style="list-style-type: none"> 1. to take part in debates on contemporary topics; 2. to develop creativity; 3. to develop argumentation skills; 4. to use analysis and synthesis; 5. to research medical topics in a transdisciplinary approach; 6. to refine interpretation, curiosity, means of expression; 7. to develop argumentative areas

7. Disciplines/Course objectives (based on the key competencies)

7.1 Disciplines/Course general objectives	Developing a patient-centred approach by means of medicine narrative tools.
