

Wednesday, 28th
of May 2025

PRE-CONGRESS COURSE

10.00-15.00 Course of Laser Therapy in Dental Medicine - Module I
(with separate registration)

Thursday, 29th of May 2025

08.30 Registration of participants

INVITED SPEAKER

PLENARY LECTURES (MAIN CONFERENCE HALL - AUDITORIUM)

WORKSHOPS & PARALLEL SESSIONS

09.00-09.30	Samir NAMMOUR	Update on laser assisted caries prevention
09.30-10.00	Toni ZEINOUN	How to increase the keratinized gingiva in the mandibular anterior region
10.00-10.30	Bogdan BÂLDEA	Development of the implant transition zone
10.30-11.00	COFFEE BREAK (GROUND FLOOR)	
11.00-11.30	Akira AOKI	Flapless periodontal surgery using Er:YAG Laser: Er-LCPT
11.30-12.00	Marisa RONCATI	Periodontal and peri-implant diseases: clinical protocols for nonpredictable but possible outcomes

12.00-12.30 OPENING CEREMONY (AUDITORIUM HALL)

12.30-13.10	Plenary lectures	Can laser in bone regeneration and implantology be a viable tool?
-------------	------------------	---

13.15-14.30 LUNCH BREAK (UPPER FLOOR)

14.30-15.00	Arun DARBAR	Are we delivering PBM modalities efficiently? – an overview
15.00-15.30	Alessandro DEL VECCHIO	The efficiency of photobiomodulation (PBM) on bone healing. Preliminary results of the action of Red and NIR laser light on human Bone Marrow Mesenchymal Stem Cells (hBMMSCs).
15.30-16.00	Ahmed Adel Abdel HAKIM	Photobiomodulation (PBM): light the magic of pain relief

16.00-16.30 COFFEE BREAK (GROUND FLOOR)

16.30-17.00	Josep ARNABAT	State of the art of laser applications in peri-implant diseases
17.00-17.30	Kinga GRZECH-LEŚNIAK	Innovative approaches in managing oral biofilm and periopathogens using laser therapy
17.30-18.00	Marco MELETI	Laser surgery of oral potentially malignant disorders

WORKSHOP

A useful tool in your daily practice - LASOTRONIX LASER

Dr. Bogdan Crișan
NASTIMED

MULTIPURPOSE HALL
(SALA POLIVALENTĂ)

19.00 OPENING COCKTAIL (Zaza Resto Pub)

Friday, 30th of May 2025

INVITED SPEAKER			PLENARY LECTURES (MAIN CONFERENCE HALL-AUDITORIUM)		WORKSHOPS & PARALLEL SESSIONS	
09.00-09.30	Denise Maria ZECELL	Understanding laser-tissue interaction for laser selection in clinical procedures	ORAL PRESENTATIONS (K1 HALL) <i>according to the detailed program</i>	WORKSHOP The synergy between diode lasers and conventional treatments in modern dentistry Assist. Prof. Dr. Roxana Munteanu HALMADENT MULTIPURPOSE HALL (SALA POLIVALENTĂ)		
09.30-10.00	Eleftherios-Terry FARMAKIS	Laser assisted endodontics: beyond pulp space decontamination				
10.00-10.30	Roeland DE MOOR	Laser-activated irrigation (LAI) and biofilm interaction: the difference with other irrigant activation techniques				
10.30-11.00	COFFEE BREAK (GROUND FLOOR)					
11.00-11.30	Umberto ROMEO	Laser and digital dentistry - a right combination.	E-POSTER PRESENTATION (1ST FLOOR HALLWAY) <i>according to the detailed program</i>			
11.30-12.00	Sajee SATTAYUT	Using laser for oral health care in older people				
12.00-12.30	Sanda POPESCU	The role of the diode laser in oral rehabilitation				
12.30-13.00	Adriana BARYLYAK	Peculiarities of using lasers in esthetic dentistry				
13.00-14.00	LUNCH BREAK (UPPER FLOOR)					
14.00-14.30	Adrian PODOLEANU	Progress in the speed of en-face optical coherence tomography	WORKSHOP LASER Dentistry – between marketing strategy and clinical reality Dr. Diana Constantinescu GURSK MEDICA MULTIPURPOSE HALL (SALA POLIVALENTĂ)			
14.30-15.00	Meda Lavinia NEGRUTIU	A comprehensive review of the diagnostic performance of different imagistic methods and their potential integration with artificial intelligence for advancing early oral cancer detection				
15.00-15.30	Virgil DUMA	OCT-based complementarity and optimization for X-ray imaging in dental medicine.				
15.30-16.00	Marius STEF	Growth and characterization of some rare-earth doped fluorite crystals for laser applications				
16.00-16.30	Cosmin SINESCU	Imagistic evaluation on dental prosthetic constructs: un update evaluation				
17.00-18.00	EMDOLA CEREMONY (AUDITORIUM HALL)					
20.00	GALLA DINNER (YVY EVENTS)					

Saturday, 31st of May 2025

	INVITED SPEAKER	PLENARY LECTURE MAIN CONFERENCE HALL AUDITORIUM	WORKSHOPS & PARALLEL SESSIONS
09.30-10.00	Bogdan CRISAN	LASER approach of oral and maxillofacial benign tumors	
10.00-10.30	Francesco SPADARI & Matteo PELLEGRINI	Oral pain and atypical symptomatology. Clinical considerations and laser therapeutic treatments.	
10.30-11.00	Marina C. VITALE	Labial and lingual frenulum: which is the timing for surgery?	
11.00-11.30	Sami EL TOUM	Advantages of laser in surgical periodontal treatment	
11.30-12.00	COFFEE BREAK (GROUND FLOOR)		
12.00-12.30	Paolo VESCOVI	Laser surgery of salivary glands diseases	WORKSHOP Integrarea Laserului în Stomatologie: De la Cazuri Clinice la Aplicabilitate Imediată MEGAGEN-BIOLASE MULTIPURPOSE HALL (SALA POLIVALENTĂ)
12.30-13.00	Marius LERETTER	Laser use in alveolar decontamination for post-extraction implant placement	
13.00-13.30	Antoni J. ESPANA	Lasers in soft oral tissue surgery	
13.30-14.30	LUNCH BREAK (UPPER FLOOR)		
14.30-15.00	Maha Ramzy TAALAB	The power of laser in optimizing the pink esthetics (Accelerate mission and facilitate work)	
15.00-15.30	Mariana MIRON	Evaluation of the effects of prosthetic preparation on the pulp chamber	
15.30-16.00	Ana Paula TANKO DE VASCONCELLOS BALBOA	Application of Laser Therapy in Orofacial Harmonization	
16.00-16.30	CLOSING CEREMONY (AUDITORIUM HALL)		
16.30-17.30	SRLS GENERAL ASSEMBLY (K1 HALL)
