

FIȘA DISCIPLINEI

1. Date despre program

1.1 Instituția de învățământ superior	UNIVERSITATEA DE MEDICINA SI FARMACIE "VICTOR BABEȘ" TIMIȘOARA
1.2 Facultatea	FACULTATEA DE MEDICINĂ
1.3 Departamentul	XII – Obstetrica-Ginecologie XII
1.4 Domeniul de studii de ¹⁾	Licență
1.5 Ciclul de studii ²⁾	Licență
1.6 Programul de studii/ Calificarea	Medicină Engleza

2. Date despre disciplină

2.1. Denumirea disciplinei	SEXOLOGY (Lb. Engleză)							
2.2 Titularul activităților de curs	Prof. Univ. Dr. Pirtea Laurentiu							
2.3 Titularul activităților de laborator	Prof. Univ. Dr. Pirtea Laurentiu							
2.4 Anul de studiu	3	2.5 Semestrul	6	2.6 Tipul de evaluare	Examen redactional	2.7 Regimul disciplinei	Conținut ³⁾	DS
							Obligativitate ³⁾	DO

3. Timpul total estimat (ore pe semestru al activităților didactice)

3.1 Număr de ore pe săptămână	2	3.2 din care: curs	1	3.3 laborator	0
3.4 Total ore din planul de învățământ	28	3.5 din care: curs	28	3.6 laborator	0
Distribuția fondului de timp					Ore
Studiul după manual, suport de curs, bibliografie și notițe					14
Documentare suplimentară în bibliotecă, pe platformele electronice de specialitate și pe teren					4
Pregătire seminarii/ laboratoare/ proiecte, teme, referate, portofolii și eseuri					14
Tutoriat					
Examinări (1 examen practic, 1 examen final)					2
Alte activități					
3.7 Total ore studiu individual	32				
3.8 Total ore / semestru	90				
3.9 Numărul de credite ⁵⁾	3				

4. Prerequisites - Precondiții (acolo unde este cazul)

4.1 de curriculum (curriculum)	Anatomy, Biochemistry, Physiology, Physiopathology, Semiology
4.2 de competențe (skills)	Evaluation of the analysis results, performing a medical history, performing a clinical examination

5. Requirements (acolo unde este cazul)

5.1 of the course	<ul style="list-style-type: none"> Mobile phones will be turned off during classes, telephone conversations will not be tolerated during the course, nor will students leave the classroom in order to take personal phone calls.; Delay of students in the course will not be tolerated as it proves to be disruptive to the educational process; Attendance at the course is mandatory, being accepted a maximum of 30% of total absences.
5.2 seminar / laboratory / project	<ul style="list-style-type: none"> Mobile phones will be turned off during laboratory hours, telephone conversations during the laboratory will not be tolerated, nor will students leave the classroom in order to take personal phone calls.; Delay of students in the laboratory will not be tolerated as it proves to be disruptive to the educational process; Attendance at internships / practical works is mandatory, being accepted a maximum of 15% of total absences. It is allowed to recover up to 15% of the total number of paid absences in the last 2 weeks of the semester, except for medical cases that will individually require the approval of the Dean's Office.. The practical exam will be held in the last week of the semester or in the ordinary session, from the topic of practical works / laboratories / internships displayed in advance.

6. Competențe specifice acumulate

Competențe Profesionale	<ol style="list-style-type: none"> 1. Acquiring appropriate medical language. 2. Knowledge of the physiology of the endocrine glands and some diseases endocrine. 3. Correlation of fundamental knowledge, acquired in the first 4 years of study, with the clinical manifestations of endocrine disorders. 4. Learning a correct and efficient medical reasoning at the patient's bedside. 5. Learning the basics necessary for a correct clinical diagnosis of endocrine diseases.
Competențe transversale	<ol style="list-style-type: none"> 1. Concern for professional development by training critical thinking skills demonstrated through active participation in the course and laboratory / seminar / project; 2. Formation of an ethical attitude towards the patient. 3. Involvement in scientific research activities by participating in the elaboration of papers, studies, specialized articles; 4. Efficient use of information sources and resources of communication and assisted professional training (Internet portals, specialized software applications, databases, online courses, etc.) both in Romanian and in a language of international circulation.

7. Obiectivele disciplinei (reieșind din competențele specifice acumulate)

7.1 The general objective of the discipline	Learning the basics of the physiology and pathophysiology of sexuality
7.2 Specific objectives	<ol style="list-style-type: none"> 1. Learning the most important aspects regarding the diagnosis and treatment of the main syndromes in sexology 2. Integrating the pathophysiology of sexuality with those offered by other disciplines (internal medicine, neurology, obstetrics-gynecology, etc)

8. Conținuturi

8.1 Lecture	Metode de predare	Number of hours	Observations
1. Introductory course. The interest of studying sexology. Sexology - multidisciplinary science. Determinism and evolution of conceptions about human sexuality. Principles of sexual behaviour development. Genetic determinism of sexual behaviour.	INTERACTIVE PRESENTATION	2	- Oral presentation with, interactive Powerpoint presentations, accompanied by a rich and suggestive iconography, available on the university's learning platform. - The material is reviewed and supplemented with the latest information relevant to the specialization. - Each course presents at the beginning the educational objectives and ends with a summary of the notions presented.
2. Sexual act - stages, sexual behaviour, sexual identity)		2	
3. Sexual anatomy. Gender and sex. Sexual arousal. Erogenous zones. Sexual fantasies. Physiology of erection. The role of NO. The cycle of sexual response. The peculiarities of the cycle of sexual response at different ages. The psycho-sexual significance of orgasm, types of orgasm.		2	
4. Terminology in medicine of sexuality. Definitions ICD 10/DSM IV		2	
5. Female sexuality - variations throughout the physiological stages of life		2	
6. Female sexual dysfunctions. Frigidity, anorgasmia, inhibition of sexual desire: clinical picture, pathophysiology, diagnosis, treatment.		2	
7. Female sexual dysfunctions. Vaginism. Dyspareunia - clinical picture, pathophysiology, diagnosis, treatment.		2	
8 Male sexual dysfunction: erectile dysfunction, ejaculatory dysfunction		2	
9 Male sexual dysfunction: orgasmic dysfunction, dyspareunia, Peyronie's disease - clinical picture, pathophysiology, diagnosis, treatment		2	
10 Sexual minorities: homosexuality and transsexualism. Bioethical issues related to the therapy of transsexualism. Sexual deviations: etiopathogenesis, behaviour.		2	
11. Intersexuality: clinical picture, diagnosis, treatment. European ethics of conduct		2	

12 Paraflia: definition, clinical picture, diagnosis, treatment, Romanian and European legislation		2	
13 Contraceptive methods - advantages and disadvantages in the user/partner's sexual life		2	
14 Sexually transmitted diseases - implications for individual and couple sexuality		2	
Bibliografie obligatorie: 1. Dana Stoian. Sexologia de la A la Z, Editura „Victor Babes”, Timișoara, 2011, ISBN 978-606-8054-60-5 Bibliografie facultativă: 1. Harmut Porst and Jacques Buvat, Standard Practice in Sexual Medicine and the Standards Committee of the International Society for Sexual Medicine, Blackwell Publishing, 2006			

9. Coroborarea conținuturilor disciplinei cu așteptările reprezentanților comunităților epistemice, asociațiilor profesionale și angajatori reprezentativi din domeniul aferent programului

The student is familiar with the diagnosis and treatment in sexology, which he will face in the future in medical practice. The information and skills acquired will allow it to meet the requirements in the field of health, meeting European educational and professional standards.

10. Evaluare

Activity type	10.1 Evaluation criterias	10.2 Evaluation methods	10.3 Percentage of final evaluation
10.4 Lecture	Knowledge for 5: - theoretical knowledge about sexology based on presentations and recommended book Knowledge for 10: - detailed data on the physiology and pathophysiology of sexuality - general data about medication used in sexology disfunctions - reading of facultative books	Redactional examination	100%
10.5 Minimum performance standard			
Knowledge of terminology and understanding of aspects of sexology.			

Data completării 20.03.2025	Semnătura titularului de curs: Prof. Univ. Dr. Pirtea Laurentiu
Semnătura șefului de disciplină Prof. Univ. Dr. Pirtea Laurentiu	
Data avizării în departament	Semnătura directorului de departament Prof. Dr. Citu Cosmin

Notă:

- 1) Domeniul de studii - se alege una din variantele: Licență/ Masterat/ Doctorat (se completează conform cu Nomenclatorul domeniilor și al specializărilor/ programelor de studii universitare în vigoare) ;
- 2) Ciclu de studii - se alege una din variantele: Licență/ Master/ Doctorat;
- 3) Regimul disciplinei (conținut) - se alege una din variantele: **DF** (disciplină fundamentală)/ **DD** (disciplină din domeniu)/ **DS** (disciplină de specialitate)/ **DC** (disciplină complementară) - pentru nivelul de licență; **DAP** (disciplină de aprofundare)/ **DSI** (disciplină de sinteză)/ **DCA** (disciplină de cunoaștere avansată) - pentru nivelul de masterat;
- 4) Regimul disciplinei (obligativitate) - se alege una din variantele: **DI** (disciplină obligatorie)/ **DO** (disciplină opțională)/ **DFac** (disciplină facultativă);

- ⁵⁾ Un credit este echivalent cu 25 – 30 de ore de studiu (activități didactice și studiu individual).
- ⁶⁾ Pentru specializările și/sau disciplinele a căror tematică se regăsește în bibliografia de rezidențiat, aceasta devine obligatorie.
